From the Editor's Desk

Holiday Greetings to everyone.

It's that time of year again. The holidays are upon us and they bring festive gatherings of family and friends, sparkling decorations, and celebrations. Hope your holidays are wonderful!

Last month, a new club, the Amateur Radio Development Group, joined the pages of ADAW. This club consists of newly licensed high school students at the Phoenix Country Day School. At present, they are trying to set up their club station at the school. Like most high school students, they are on a low budget and therefore need some help. Donations would be greatly appreciated.

The Superstition Amateur Radio Club will be holding it's annual December hamfest at Schnepf Farms in Chandler on December 7 from 7:30 A.M. until 3:00 P.M.. This is a new location for the event, formerly held at Mesa Community College. Admission is \$5 for licensed amateurs, \$3 for XYLs and unlicensed. Children age 10-15 are \$2 and age 5-10 are \$1. There's lots to do Schnepf Farms besides the hamfest, so why not make it an all-day family affair?

From the reports I've heard, the Tucson Hamfest at the Marana Middle School was really nice. Attendance was excellent – both shoppers and buyers. VE testing was administered – no report on results – and meetings and seminars were conducted. If you missed this year's event, plan to attend next year. You'll enjoy it!

In January, the Thunderbird Amateur Radio Club will hold it's annual hamfest at the Northwest Community Church on 43rd Avenue in Phoenix. This event has grown quite a bit and is a good one to attend. There will be VE testing, prizes, snacks and beverages available. Admission is \$2. Check it out!

Til next month,

Have a Merry Christmas and a Happy (and safe) New Year!

Chris, N7PVL

Merry Christmas

SCOTTSDALE AMATEUR RADIO CLUB, INC.

Club Station: WA7APE
Club Repeaters: 147.78/.18 & 445.00/440.00

There has been a flurry of activity this fall with many people donating ham gear to the club. Paul Finell, W7EFQ, is our official donation chairman and he has been all over the place picking up miscellaneous ham gear from folks who wish to donate to the club. We are a 501 c (3) educational service club and all donations are tax deductible. Paul organizes a work party, consisting of a few club members, to retrieve each donation. There have been towers and antennas to take down and other radio equipment to pick up and all of it ends up at Paul's house. The club then sends a thank you letter to each person donating ham equipment giving him our tax information for his own tax returns. Our club members have first chance to obtain each item for their own use and the proceeds from these donations goes to support the club and all of its various activities. Paul has worked very hard at this and is to be congratulated for all of his efforts. Great job, Paul.

The program for the November General Club Meeting was a presentation by Cliff Bailey, WA7GBL on equipment grounding. Cliff works for APS and he gave an in depth presentation on the reasons for and methods of grounding your house, tower and all equipment. He distributed some pieces of equipment that had been struck by lightning. Very destructive. He had many suggestions on what to do and what not to do when grounding your home.

This was an excellent presentation on grounding and it has me worried now about my house and ham shack. My tower is grounded separately from the electric service and that could be a problem. I will have to work on connecting both ground rods into a grid. I can use his recommendation for the materials and the plan on how to do the work. I am adding this to my list of things to fix around here. Oh man, what a long list!

Beginning in January, the club will be having a General Class License class at the Scottsdale Senior Center 1700 N. Granite Reef Road. The class will run for six weeks and will be conducted by Paul Jorgenson, KE7HR. To sign up for the class, go to our web site at www.scottsdalearc.org and follow the instructions. Paul has room for 15 students and is a very good instructor. Good luck to all.

The December Club Meeting will be the Annual Christmas Banquet. The banquet will be held at the Scottsdale Community College Culinary Arts Oasis Dining room on Wednesday, December 4 at 6:00 P.M.. The facility is located at 9000 E. Chaparral Road in Scottsdale. The MARCA club will be joining us again this year in our Christmas celebration. The program will be a presentation by Bob Johnsen, K7TR, on the Shroud of Turin. There will be a great gourmet dinner by the students in the culinary arts program at the school and many door prizes of great worth. Unfortunately, by the time you read this, if you did not already sign up for the dinner, it may be too late. But you can call or e-mail me for more information and I might be able to get you into the banquet.

The club repeaters are up and running once again, so join us on Tuesday evening around 7:00 P.M. for our net. The frequencies are 147.18 with a PL of 162.2 and 440.00 with a PL of 100. This is a general conversation net and the net control

operator might ask a question of the check-ins. The answers to these questions can be very informative and thought provoking. If you would like to try your hand at being the net control, let me know and I will be glad to put you on the list. Check it out.

Because the Christmas and New Year's holidays fall on Wednesday this year, our regular December Board Meeting and January General Club Meeting will be held on January 8, 2014. The Board Meeting will be in room 10 at 6:00 P.M. and the Club Meeting will be in room 7 at 7:00 P.M.. If you have questions, please give me a call or check the web site.

Well, that's all I have for now. So keep on hamming, be well and enjoy life.

Ed Nickerson WU7S
Enickerson427@aol.com

ADAW

SARC CONSTANTS:

SARC is a 501 (c)-3 club. That means all donations are fully tax deductible. Contact Paul Finnell, W7EFQ at 602.741.6563 for information on estate donations and equipment pick-up.

For membership information, call Gerald Jacques, KE7GYM at 480.239.8679. Please send address change requests to Gerald no later than the 7th of the month in which you would like the change to occur.

To field check QSL cards for most ARRL awards, call Ed Nickerson, WU7S at 480.949.5162.

WANTED

The Amateur Radio Development Group at Phoenix Country Day School is looking for donations for their club ham shack. If you can help, please contact one of the club officers listed on page 3. Thanks for your help.

Wanted - Rohn 25/45 gin pole.

CHAPTER 16

BARRY M. GOLDWATER ARIZONA CHAPTER

The next luncheon meeting of the AZ Chapter QCWA will be on Saturday, December 14th at 12:00 Noon at the Horney Toad Restaurant in Cave Creek. There will be no formal presentation after lunch. Instead, each member who wishes to speak is encouraged to tell us briefly about what got them into the hobby of Amateur Radio and elaborate on any unusual experiences they had getting their license or any on the air experiences that were special and/or unusual. A brief business meeting will conclude the meeting.

73,

Bob McCuskey, W7BV

The December 12th meeting will be our Christmas potluck dinner. We will meet at 6:00 P.M. at the Red Cross Building, and we plan to eat at 6:30. The club will furnish the turkey, and you should bring a dish to share.

Merry Christmas to all from the AARC.

73,
Lori Cripps, WA7EDI
(602) 955-7517
cripps@cybertrails.com

I am writing this column with a sense of sadness. Our secretary and good friend Leslie Hickey, N5LDH, became a silent key on October 20, 2013. She added greatly to the Arizona Amateur Radio Club in many ways. Besides being an excellent secretary, she was always there to help with our hamfests and our field days. We could count on her best deviled eggs at Christmas parties, her smiles at our Denny's and Country Boys breakfasts, and her willingness to listen to a friend's troubles, silly jokes, and long-winded stories from the past. She was a very special person and will be missed by everyone who knew her, especially AARC members.

It's always interesting to hear little tidbits, sometimes just casual remarks of interest from members. That's one of the joys of our breakfast events. For instance, Dick Baum, NS7A, commented that he was privileged to see Old Ironsides in Corpus Christi. I didn't know that Old Ironsides, as the USS Constitution was called, ever left its place in the Boston Harbor, but it sailed under her own power for her 200th birthday in 1997 when Dick was lucky enough to see it. Our breakfasts are enjoyable events, and you are welcome to join us at our Friday morning breakfasts at Country Boys, 35th Avenue and Cactus at 9:30 A.M. and at Denny's on 7th Street and Camelback on the 4th Saturday of each month at 7:30 A.M..

AARC members Joe Cutitta, WØSLL, and Verdamae Cutitta, KF7UJB, won't be staying in motels in Yuma and Williams anymore. They'll be staying in their new RV. They've been working hard getting it in top shape for future adventures, and knowing Verdamae's creative abilities, I'm sure it will be a dream home for them.

It's been a LONG time since I've done any DX'ing, but I finally have a 10-meter antenna, and as humble as that vertical is, I'm finally enjoying some DX as a result of the 10-meter band openings. I'm still not hearing Africa, but in the past few weeks I have had several contacts with Japan, I've worked Dublin, Tasmania, Argentina, Sweden, Spain, the Azores, and I had one rare contact with TX5D, a DXpedition on Raivavae Island, a part of the Austral Islands in French Polynesia. I'm enjoying this return to bygone days.

The program at our November meeting, which will be history when you read this ADAW, will be in honor of Veterans' Day. It will be a presentation by George Cooney, KQ7C, about his experiences in the navy. Joe Cutitta, WØSLL, and Bob Robb, KB7ZAB, and possibly others will share a few memories of their military radio experiences.

A good secretary is hard to find.
Leslie Hickey, N5LDH was the best!

Leslie Hickey
August 14, 1942 - October 20, 2013

ADAW

From the Road to success is paved with good intentions file. Seems the past few months' time has been my enemy and when I did get the time, for some reason the file did not get through to the editor. So hopefully this will get us back on track. Mostly going to catch up on some newsy stuff and maybe a musing or two.

First up. Elections are under way. If we have a correct email address for you, you have received a notification in your email advising you that on line balloting is under way. You'll receive a code that you will need to enter after you accessed the ballot site via the link in the email. Enter the code and make your selections and submit. It's that easy. One word of caution, it will not work on smart phones (at least it didn't on my Droid, but I'm told this is a limitation), so you'll need to vote from a PC or Mac. If you haven't received notification, you can contact Andrew KF7CCC at Callsign @ arrl dot net to inquire. Or you can come to the November meeting and vote the old-fashioned way. Electronic voting closed 20 November 2013. Either way, please do take the few minutes to vote. More info is on the website: <http://www.w7tbc.org/content.php?306-Election-Electronic-Voting-Open>.

Next, it's time to think about the Holiday Party, which will again be held at Ironworks, 17233 N 45th Ave, Glendale, 85308 on 12 December, 2013. Remember the Holiday banquet takes the place of the regular meeting. The cost is \$25 per person and is payable to Al Johnson AE7GM, by 6 December. 2014. Details and the menu are on the club website at: <http://www.w7tbc.org/content.php?294-2013-Annual-Banquet>. See you there.

Finally, it's that time of year again: HAMFEST! The 2014 Thunderbird Hamfest is scheduled for 11 January 2014 at Northwest Christian Church at 43rd Ave just south of Bell. A planning meeting is in the works, so watch your email for an announcement if you'd like to help with the planning. If you're a VE, let Al know if you'll be available for the VE testing. We can use all the help we can get. The past two years had a good turnout of folks looking to get licensed or upgrade. Details are on the website: <http://www.w7tbc.org/content.php?305-Announcing-TBARC-Hamfest-2014>.

Finally, I'd be remiss if I didn't take the time to thank our outgoing president Walt Reinert for the great job he's done over the past two years. Walt's always been an active member of the club since I've known him and he's given his all into keeping TBARC an active and vital part of the local Amateur Radio Community. While I'm sure he's glad to hand the gavel over, I know he'll remain a vital part of the club. And let's extend our thanks to the other outgoing officers & board members and welcome in the new members (once we know who they are :))

Well that's all for now. See you at the banquet.

Amateur Radio Development Group

Hello,

This is Daniel Bashir, a member of Phoenix Country Day School's Amateur Radio Development Group. I joined the club at the beginning of this year and received my Technician license a few weeks ago. I, like the majority of my club, am a sophomore at PCDS. As of now, all of our members are licensed. Here is a list of the recently licensed members and their call signs:

Daniel Bashir: KG7GDL

Nathan DeRueda: KG7GJB

Sahil Rawal: KG7GJC

Arra Melikian: KG7GKA

Sarah Dailey: KG7GJI

Jason Greenfield: KG7GDM

Nicole Thumma: KG7GDN

On Sunday, November 10, we helped out at the Special Olympics Tri 2 Unify Triathlon at the Village. Stationed along the track, we provided communications in order to help and support the participating runners. We provided information about the positions of the runners and the state of our stations to improve the efficiency of the triathlon and help keep it running smoothly. We'd like to thank Mike Pulley, WB4ZKA of the MCECG for his excellent planning and organization of our participation in the event.

Also, we are having trouble equipping our shack, so any donations would be greatly appreciated. Our group is committed to community service and providing emergency communications. As we are on a low budget, we are not able to do this as well as we would like to.

Thanks for reading our column. We're hoping to add more events very soon and are excited to become a greater part of the ham community.

SUPERSTITION AMATEUR RADIO CLUB SUPERFEST

Come to a new kind of Hamfest in Arizona!

Bring your family to a unique Hamfest at Schnepf Farms, 24810 E Rittenhouse Rd, Queen Creek, AZ, in the Valley of the Sun near Arizona's SanTan Mountains. On December 7, 2013, under the sponsorship of the Superstition Amateur Radio Club, HAMS will gather to trade radio equipment and parts, technical information, and fun, and a chance for old friends to meet face-to-face for the first time.

There will be:

- A swap meet
- VE Amateur Radio license exams
- Contests
- Drawings

And that is just for the HAMS that come. There will be activities for the whole family.

Schnepf Farms is a family fun place with unique character:

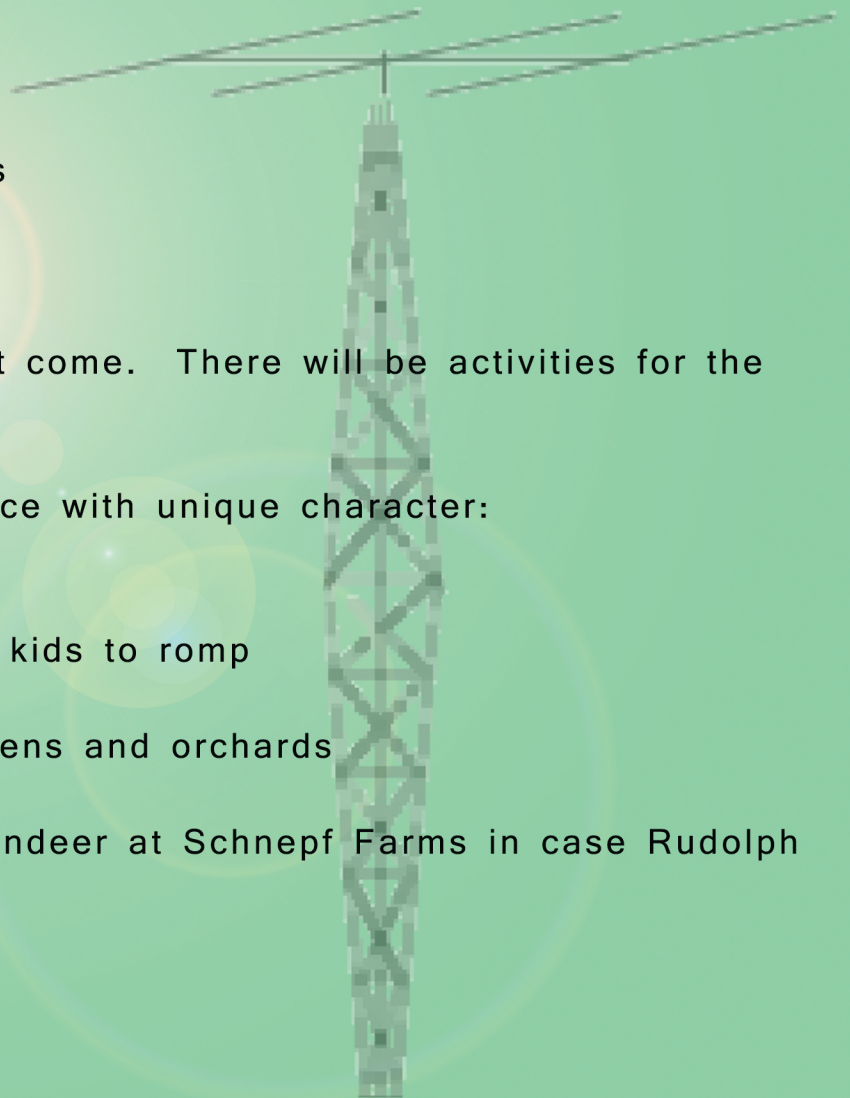

- Free farm-style playgrounds
- Free farm animal petting zoo
- Acres of fresh air and space for kids to romp
- Farm fresh food
- Train rides through working gardens and orchards
- Antique carousel rides
- Santa also keeps a few extra reindeer at Schnepf Farms in case Rudolph and the crew get tired.

Your XYL will find:

- Conversation table
- Photo contest
- Free Schnepf Family Museum that occupies a 100-year-old farmhouse
- Seasonal, fresh-from-the-earth, vegetables and/or fruit

So bring the whole family instead of leaving them behind and let them find out just how much fun being a member of a HAM family can be.

For more information on the Superfest, go to the following URLs:
www.superstitionsuperfest.com, or www.wb7tjd.org.

2014 ARRL Southwestern Division Convention.

Dates: September 12 - 14, 2014

The ARRL SW Division Convention sponsored by SANDARC will be held at the Sheraton Four Points hotel located on Aero Drive near the Montgomery Field airport which is the same location of the 2010 convention.

Admission tickets will be on sale on 1 September 2013. Download the admission forms when they become available. Ticket prices will be listed starting as “early bird”, “pre-registration” and “door price.” Please check for the upcoming dates. Our convention will feature tech forums, vendor’s exhibits, on site radio station, grand banquet, flea market and many more activities. Check this site often to get the latest news regarding our ongoing convention events.

Future vendors please check with Paul Rios at kc6qls@cox.net. Check with Ann Rios, KC6TBG at kc6tbg@cox.net if wish to conduct a tech forum. Our keynote speaker for the grand banquet has not been selected. If you wish to be the keynote speaker, please contact Michael Maston, N6OPH at mastroleo@mindspring.com.

Airport shuttle service and free parking during the course of the convention will also be available.
